

Homework to be returned by Wednesday 6th November.

Friday 25th October

Target: To use modal verbs

Modal verbs show the likelihood or chance of something happening. Some of these words need to be spelled without using our phonics. Remember these spellings!

	would	could	should
can	might	will	should
can't	mightn't	won't	shouldn't

Some of these words are contracted words (words that have been shortened and the missing letter is replaced with an apostrophe) For example,

Can not → **can't**

Will not → **won't**

Should not → **shouldn't**

Please choose one of the following challenges to complete for your homework

Challenge 1 - For your task, we would like you to complete each of these sentences by adding in a modal verb that makes sense. There **might** be more than one correct answer!

can	might	will	should
can't	mightn't	won't	shouldn't
