

# Year 4 – Photo Editing

PIXLR

**Toolbar**

**Menu**

crop

Colours selection

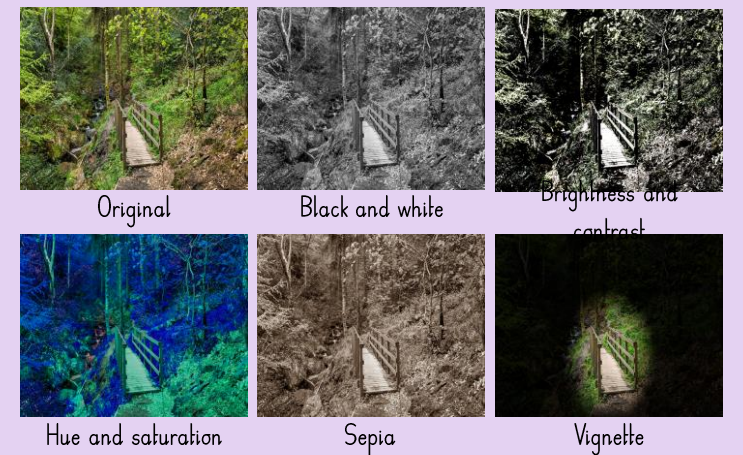

**Composition** is the way something is put together or arranged.

Use the **adjustment** and **filters** tabs to edit your photo to fit the brief.

Tools like **wand select** and **sponge/colour** can also help you to edit the overall colour.

Use the **lasso tool** to paste together different parts of pictures.

Use the **clone tool** to repeat part of your picture – helpful for editing out imposing objects.

When searching for images to use, make sure they are **not copyrighted**. Pixabay is a free image search engine where you can use **all** images for free!

Use the crop tool to help focus your image.
