

### **What is the Prevent strategy?**

Prevent is a government strategy designed to stop people becoming terrorists or supporting terrorist or extremist causes. The Prevent strategy covers all types of terrorism and extremism, including the extreme right wing, violent Islamist groups and other causes..

### **How does the Prevent strategy apply to schools?**

From July 2015 all schools have a duty to safeguard children from radicalisation and extremism.

This means we have a responsibility to protect children from extremist and violent views the same way we protect them from drugs or gang violence.

Importantly, we can provide a safe place for pupils to discuss these issues so they better understand how to protect themselves.

At Lyppard Grange Primary School we believe in an inclusive, supportive and tolerant community and these are characteristics we try to instil in all of our children.

### **What does this mean in practice?**

Many of the things we already do in school to help children become positive, happy members of society also contribute to the Prevent Strategy.

These include;

- Exploring other cultures and religions and promoting diversity.
- Challenging prejudices and racist comments.
- Developing critical thinking skills and a strong positive self- identity.
- Promoting the spiritual, moral, social and cultural development of students, as well as British Values such as democracy and tolerance of others.

## **KEY TERMS**

**Extremism** - vocal or active opposition to fundamental British values such as democracy, the rule of law and tolerance of different faiths and beliefs.

**Ideology** - a set of beliefs  
**Terrorism** - a violent action against people or property, designed to create fear and advance a political, religious or ideological cause.

**Radicalisation** - the process by which a person comes to support extremism and terrorism.

**Terrorism**- a violent action against people or property, designed to create fear and advance a political, religious cause.

We will also protect children from the risk of radicalisation, for example by using filters on the internet to make sure they can't access extremist and terrorist material, or by vetting visitors who come into school to work with children.

Different schools will carry out the Prevent duty in different ways, depending on the age of the children and the needs of the community

Social media means that widespread views can be easily accessed unless we are all careful and supervise.

## **Frequently Asked Questions**

### **How does Prevent relate to British values?**

Schools have been required to promote British values since 2014, and this will continue to be part of our response to the Prevent strategy.

British values include:

- Democracy.
- The rule of law.
- Individual liberty and mutual respect.
- Tolerance of different faiths and beliefs.

### **Isn't my child too young to learn about extremism?**

The Prevent strategy is not just about discussing extremism itself, which may not be appropriate for younger children. It is also about teaching children values such as tolerance and mutual respect.

The school will make sure any discussions are suitable for the age and maturity of the children involved.

### **Is extremism really a risk in our area?**

Extremism can take many forms, including political, religious and misogynistic extremism. Some of these may be a bigger threat in our area than others.

We will give children the skills to protect them from any extremist views they may encounter, now or later in their lives.

## Where to get more information

### Contact the School

If you have any questions or concerns about the Prevent Strategy and what it means for your child, please do not hesitate to contact the school

### See our Policies

You will find more details about radicalisation in our safeguarding policy and the prevention strategy guidance, is available on our website

We also have information about spiritual, moral, social and cultural development and British values.
