Our Early Help Offer

Early Help is a pathway to supporting you and your child as they grow up when you or they may need further support or guidance.

Providing early help to our pupils and families at Lyppard Grange Primary School means we can improve outcomes for children, families, and communities, providing support as soon as a problem emerges, at any point in a child's life, from the early years through to teenage years.

Early Help can support children and their families who may be struggling with:

- Routines and family rules
- Families who may be not be eating healthy food
- Keeping to a healthy lifestyle
- Children who are caring for a family member
- Children who may not want to go to school for different reasons
- Disability within the family including children being a young carer
- Children in the family have special educational needs (SEND)
- Children who may becoming involved in anti-social or criminal behaviour
- Children who go missing from home
- Children or parents / carers misusing drugs or alcohol
- Children at risk of being tricked, forced, or made to work in the criminal world
- Children who may need support because they may live in a home and see drug or alcohol abuse or adult mental health problems.
- Children who have parents who argue a lot (and sometimes might hurt each other) whether the parents live together or apart.
- Children at risk of being groomed to join groups which support illegal views
- A privately fostered child (a child from another family living within your family home)

Early help relies upon local groups and people in the community, sometimes we work together to help children, young people, and their families.

Everyone needs help at some time in their lives and therefore an ethos of early help is important for any school.

The coordinated Lyppard Grange Primary School offer of Early Help is outlined in the table below. We believe that early interventions for children and families, in many cases, will prevent needs from escalating into statutory services.

All of our school staff are aware of the Lyppard Grange Primary School offer of early help. At all times, staff should consider if there is any offer of early help that we can make in order to help a child thrive through using the Early Help Pathway.

We also liaise with other agencies and people within the local community. In the table below are some national organisations that can support children, young people and their families.

Ways in which we provide Early Help

Pupil Voice	<p>This is a very important aspect of our school.</p> <p>We have a very active Pupil Leadership Team (School Council), as well as Eco-Councillors, IT leaders, Library Monitors, Sports Leaders, Playground Friendship Leaders and Anti Bullying Ambassadors.</p> <p>Children regularly report back to senior staff and their own classes about what is happening in school to ensure ideas are shared and voices are heard.</p> <p>In lessons, children are taught to speak openly about their emotions. Each of our classrooms has a “I wish you knew” box, through which children can share anything that is worrying them.</p> <p>Our children know our staff take all their concerns very seriously.</p> <p>We encourage all children to have a helping hand of five – which is a way of remembering the five people who they can turn to for help.</p> <p>Behaviour in school is underpinned by a Positive Relationships Policy which form the basis of all work with children in school.</p> <p>E-Safety is a very important part of our work and features in computing lessons throughout the year for all children.</p> <p>The NSPCC leads an assembly for the whole school about keeping safe and provides workshops for our Y5 and 6 pupils</p> <p>Our Nurture Room is available for pupils to have quiet time / small group activities</p> <p>Nurture time and additional interventions are provided for pupils who need support</p> <p>Our Pastoral TA, is on hand to support any child who has difficulties affecting their emotional well being</p>
-------------	--

	<p>A small nurture group is provided at lunchtime for pupils who need a quieter / calm environment, this is a chance to model key social interaction skills – turn taking, table manners, speaking and listening</p> <p>Olivia’s Garden is a quiet calm natural environment available to children who find playground life a little overwhelming.</p> <p>After School Clubs to encourage children to increase their skills and interests</p> <p>All of teaching and support staff are trained in supporting children’s mental health and wellbeing. Our staff are trauma responsive and are able to support and guide children and parents experiencing difficulties.</p> <p>Our Head teacher and SENDCO are trained in Mental Health First Aid, and Trauma response, and our SENDCO leads on Mental Health Support for children in school.</p> <p>Our school has a range of Bereavement Resources to support children and families experiencing bereavement and loss.</p>
Parent/ Carer Support	<p>Members of SLT are readily available before and after school to support parents/carers and signpost them to appropriate professionals</p> <p>Our SENDCo, Mrs Edwards, is available to support children and parents/carers and refer them onto external agencies.</p> <p>Our Pastoral support TA provides advice and support to parents/carers on how to best support their children.</p> <p>Our DSL and Deputy DSLs are available to listen and respond to parents’ and carers’ concerns. They can provide suggestions for next steps and will liaise with other agencies to promote and protect the welfare and safety of children.</p>
Our Early Help offer in the event of school closure	<p>If school is closed to most pupils due to lockdown, we have a designated email address which can be used to access support or raise concerns: safeguardingteam@lyppardgrange.worcs.sch.uk</p> <p>Parents/Carers can also telephone school to speak to staff to be signposted to the support and help they need in a variety of ways.</p> <p>Class-teachers and our SENDCo make regular contact by telephone to check in on key pupils and parents who are known to be finding things particularly difficult.</p> <p>Staff make home visits where contact from children and families is a cause of concern.</p> <p>We have actively promoted the Worcestershire Children First resources to parents.</p> <p>We are using Jigsaw to promote PSHE during the Covid 19 restrictions.</p>

	Our recovery/return to school curriculum prioritises children’s mental health and emotional well-being, recognising that good mental and wellbeing underpins successful learning.
