Top tips

The secret to success is practising **little and often**. Use time wisely. Can you practise this KIRF whilst walking to school or during a car journey? You do not need to practise all aspects of the KIRF all at once; perhaps you could have a fact of the day, or a few facts per week to practise? If you would like more ideas, please speak to your child's teacher.

Practical resources and ideas

Chant your twelve times table together.

Write out the twelve times table and its linked division facts.

Fact families - ask your child to give you a twelve times table fact; can they give three more facts in the same fact family?
