

Year 3

Parent Workshop

What will my child be learning in SRE in Year 3?

How does the Timestable Challenge work?

Calculation methods aren't the same as when I was at school, how am I going to help my child?

What are the homework expectations in Year 3?

How is spelling taught?

You may have noticed that although much of what we ask you and your child to do in terms of school remains the same as Year 2. However, there are some things, especially expectations in terms of homework, reading and learning times tables, as well as methods of calculation in maths, that have changed a little (or a lot in some cases) now your child is in Year 3 and has begun their journey through Key Stage 2.

If you would like to know more about Year 3, we are holding a workshop for parents of children in Year 3 on Monday 29th September at 6pm and we would love you to come along.

So that we have an idea of numbers and can ensure we have enough chairs please use this [link](#) to complete the online form before 3.30pm on Friday 26th September. Thank you

Whilst we enjoy spending time with your children, this is intended as a workshop for adults only and we therefore ask that you **do not** bring your children with you, especially as space may well be limited.

Thank you.
