

Year 3

Parent Workshop

What will my child be learning in RSHE in Year 3?

How does the Timestable Challenge work?

Calculation methods aren't the same as when I was at school, how am I going to help my child?

What are the homework expectations in Year 3?

How is spelling taught?

You may have noticed that although much of what we ask you and your child to do in terms of school remains the same as Year 2. However, there are some things, especially expectations in terms of homework, reading and learning times tables, as well as methods of calculation in maths, that have changed a little (or a lot in some cases) now your child is in Year 3 and has begun their journey through Key Stage 2.

If you would like to know more about Year 3, we are holding a workshop for parents of children in Year 3 on Thursday 12th September at 6pm and we would love you to come along.

So that we have an idea of numbers and can ensure we have enough chairs please [use the link](#) to complete the online form before 3.30pm on Wednesday 11th September. Thank you

The workshop is for **adults only** and we therefore ask that you **do not** bring your children with you. This is due to the nature of the some of the content of the workshop and also because space may well be limited.

Thank you.
