Online Safety Newsletter

July 2021

Summer fun!

Please explore these apps/games yourself first before sharing with your child to check that they are suitable.

Playtime Island from CBeebies App

Over 30 free games to choose from featuring CBeebies characters:

<https://www.bbc.co.uk/cbeebies/watch/cbeebies-playtime-island-app>

Online Safety activities

Fun ideas to use to chat about Online Safety including colouring sheets, wordsearches and quizzes:

<https://www.net-aware.org.uk/resources/>

Summer Adventure!

Carol Vorderman's The Maths Factor are offering a free Summer online course to help boost your child's confidence in maths.

Aimed at ages 4 – 11:

<https://www.themathsfactor.com/summer-adventure/>

ScratchJr

Aimed at younger children (ages 5-7), ScratchJr teaches your child programming skills as they create their own stories and games:

<https://www.scratchjr.org/>

Search for games

Use this online database to search for age-appropriate games for your child:

<https://www.taminggaming.com/search>

WhatsApp: group chats

You must be at least 16 years old to register for and use WhatsApp. WhatsApp is a free messaging app that allows you to send messages and videos.

Group chats

One of the main features is that it has a Group chat function that are set up by one person (who is the admin). Everybody in the group, even if they're not one of your child's phone contacts, will be able to see all messages within that group. *If your child is added to a group with someone that they have previously blocked, that person can still see their messages and send them messages within the group.* You can leave a group chat at any point so talk to your child and encourage them to leave any chat that makes them feel uncomfortable.

Change Group Privacy settings

In settings, you can change who can add your child to groups, for example, you can change the settings to 'my contacts', which means that only those in your child's contacts can add them to a group.

Online Bullying

WhatsApp has been used in instances of online bullying, for example sending nasty messages or sharing images of other children without their permission to embarrass them. It's important to have regular chats with your child about their online life and that they understand that they must talk to you or another trusted adult if they are being bullied. This is a helpful article from BullyingUK which talks about what to do if you are being bullied online:

<https://www.bullying.co.uk/cyberbullying/what-to-do-if-you-re-being-bullied-on-a-social-network/>

Blocking/Reporting

If your child is using WhatsApp, then show them how to block and report a contact. You can find out how here:

<https://faq.whatsapp.com/android/security-and-privacy/how-to-block-and-unblock-a-contact>

Be Kind

How we behave online should be the same as how we behave face to face. This YouTube video from Dr Linda Papadopoulos tells us how we can encourage our children to be kind online: <https://www.youtube.com/watch?v=1BqKi3J7g6Q>

What is Discord?

Discord is a social networking app that is used by gamers to **chat to each other**. There can be in app purchases through Discord's premium subscription service. The minimum age to access Discord is 13.

How does it work?

Discord is made up of servers, which are spaces for groups of friends to chat, upload files and share images etc. Anybody can set up a server and they can either be public or private. Users can video call and send direct messages to other individuals or to groups of up to 9 people. By default, all direct messages are scanned and explicit content is blocked.

How can I make it safer?

Discord have created this article, which outlines four steps to creating a safer account, including how to block users.

<https://discord.com/safety/360043857751-Four-steps-to-a-super-safe-account>

How is it linked to other games?

Children who play online games such as Fortnite may use Discord to chat about the game (rather than the game's own chat facility).

What do I need to be aware of?

We always encourage you to chat to your child to see why they use different apps/websites and ensure that they know how to block users and what to do if they see any inappropriate content. It's important to be aware that Discord does include video/voice calling which cannot be filtered.

Discord is used by an array of users and therefore adult content can be found on Discord as well as inappropriate language. Discord have produced this article which answers common questions:

- <https://discord.com/safety/360044149591-Answering-parents'-and-educators'-top-questions>

Instagram update

Instagram have recently announced several updates that have been released or are about to be released.

1. Available now: Option to hide like counts

Users will now have the option to hide like counts on all posts as well as the option to hide like counts on their own posts. You can select to hide like counts on other people's posts in Settings – Privacy – Posts. You can hide like counts on your own posts in the advanced settings for each individual post.

<https://about.instagram.com/blog/announcements/giving-people-more-control>

2. Available soon: Restricting DMs between teens and adults they don't follow

Adults will be prevented from sending messages to people under 18 who don't follow them. This feature will partly rely on users giving their correct age when they sign up to Instagram so make sure this is correct on your child's account. Remember you must be aged 13+ to sign up.
